

## Supporter cards

**Magazine discount card** – This will be printed in each quarterly issue of the magazine, with an issue date and expiry date showing the validity of the card.

**Member card** – This is issued to our members when they join the society or renew their membership. An expiry date is always printed on the card showing whether or not it is still valid, with the exception of life member cards. Life member cards are always valid as they do not expire and will state 'Life' in the expiry date section of the card.

You may find some of our Life members have a card with our old branding, shown below. These are still valid to be used to claim discounts as long as the word 'Life' appears in the expiry date section.
