PRODUCTS SUITABLE FOR VEGANS

If you are a vegan or trying to avoid some animal products from choice or because you have been advised to do so for medical reasons, use this list as a guide to help you when choosing Tesco products.

When used for this list, "suitable for a vegan" means that the product is free from all animal products or by-products including eggs, milk products, honey and all products and by-products of the fishing industry.

This list does not include fresh fruit and vegetables because these are not processed and are generally suitable for vegans.

What else does Tesco do to Help?

Tesco stocks a range of vegetarian and vegan products and has made it easy for you to find them.

Look for the black and green 'V' for Vegetarian logo on products without meat, fish or poultry but that may contain eggs and milk; or the white and green 'V' for Vegans logo, on products also suitable for Vegans

For further advice and information about vegan diets, please consult your doctor or dietician or contact:

While every care has been taken to ensure this information is correct, food products are constantly being reformulated and ingredients lists altered.

We would therefore recommend that you do not rely solely on this list and always check products labels.

Although this list will be regularly updated, Tesco are unable to accept liability for any incorrect information.

The information given in this list applies to Tesco own-label goods only. No branded goods are included in this list. Should you require information for an individual branded good stocked by Tesco, you will have to contact the manufacturer direct.

Pack quantities are specified in the list and where they are customers should use these when selecting products. Suppliers may supply different size products and not all sizes therefore may be suitable for gluten free diets.

INGREDIENTS LISTS SHOULD ALWAYS BE CHECKED AS RECIPES MAY CHANGE.
