 The
Vegan Society

One world. Many lives. Our choice.

BE A 21ST CENTURY PIONEER

Our vision is a world where humans no longer exploit other animals. There's no doubt that this is an ambitious goal – but we can get closer to it, more quickly, with your support.

Help us to create a future without slaughterhouses and animal testing labs, where everyone has enough to eat and our impact on the environment is vastly reduced.

By adding your voice to ours, you can help us to put veganism on the radar of influential policy makers. As we grow, we become a force to be reckoned with.

SUPPORT OUR WORK

We would not be able to do our vital work without the support of our members. Through our campaigns we influence decision makers, providing guidance on implementing policies to cater for vegans in hospitals, care homes, prisons and schools. We encourage the government to adopt vegan solutions for the benefit of animals, people and the planet.

The Vegan Society advocates for vegans in vulnerable situations, ensuring that the needs of individuals are heard and taken seriously, and upholding the fact that veganism is a protected belief under the Equalities Act.

Working with companies to register vegan-friendly products with our trusted Vegan Trademark helps us to give vegans confidence in what they buy. Encouraging companies to provide accurate labelling, as well as supporting them to alter products to make them suitable for vegans, makes vegan living easier than ever.

MEMBER BENEFITS

As well as the warm fuzzy feeling you will get from knowing that you are enabling important work, you will receive a card which entitles you to discounts from an ever-growing list of vegan-friendly businesses. Our magazine, *The Vegan*, will be delivered to you quarterly to keep you connected to the community, updating you on vegan news, stories and the work of the society. By joining us you will instantly become part of a growing community of likeminded people, all dedicated to creating a positive impact on the world around them.
