#VeganSocietyMovement
Since The Vegan Society was created in 1944 and our founders coined the word 'vegan', we have been working tirelessly to bring about the end of animal exploitation. We know that we’re on to something revolutionary – and people are beginning to take notice. We need to keep up the pressure and to pull together if we want to continue this vital shift to a more compassionate world. No matter where you are on your vegan journey, we welcome your support.
